# [BSC-NVIDIA AI Day](#)

Objectives

The NVIDIA AI Day is organized jointly by NVIDIA and Barcelona Supercomputing Center to enable the entire BSC research community on how to fast forward their path to AI, learning how to use and apply NVIDIA AI software for GenAI and AI4S (AI for Sciences), understanding approaches to apply Language models for a use case up to deep diving into inferencing technics. The agenda will cover topics both for people new to AI as advanced AI experts through some specialized workshops on targeted sciences domains. Join us to learn and benefit from NVIDIA knowledge experts.
