

[A data-driven wall-shear stress model for LES using gradient boosted decision trees](#)

URL: <https://link.springer.com/book/10.1007/978-3-030-90539-2>

Authors: [Radhakrishnan, Sarath](#) / [Gyamfi, Lawrence](#) / [Miró, Arnau](#) / [Font, Bernat](#) / [Calafell, Joan](#) / [Lehmkuhl, Oriol](#)

Publication: High Performance Computing: ISC High Performance Digital 2021 International Workshops

Pagination: 105-121

Paraules clau: [Machine Learning](#), [XGBoost](#), [Turbulence](#), [Wall model](#)
