Inici > Predictive multi-channel flux-drive modelling to optimise ICRH tungsten control and fusion performance in JET

Predictive multi-channel flux-drive modelling to optimise ICRH tungsten control and fusion performance in JET

URL: https://iopscience.iop.org/article/10.1088/1741-4326/ab833f/meta

Authors: Casson, F / Mantsinen, Mervi / al., et

Publication: Nuclear Fusion

Volume / Number / Pagination: 60 / 6 / 066029

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
