## Characterizing and Improving the Performance of Many-Core Task-Based Parallel Programming Runtimes

**URL:** http://ieeexplore.ieee.org/document/7965186/

**Authors:** Bosch, Jaume / <u>Tan, Xubin</u> / <u>Álvarez, Carlos</u> / <u>Jiménez-González, Daniel</u> / <u>Martorell, Xavier</u> / Ayguade, Eduard

Publication: 2017 IEEE International Parallel and Distributed Processing Symposium Workshops

(IPDPSW)

Place Published: Orlando / Buena Vista, FL, USA

**Pagination:** 1285 - 1292

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
