## [An energy efficient hybrid FPGA-GPU based embedded platform to accelerate face recognition application](#)

**URL:** <http://ieeexplore.ieee.org/document/7158532/>

**Authors:** [Rethinagiri, Santhosh](#) / [Palomar, Oscar](#) / [Moreno, Javier](#) / [Unsal, Osman](#) / [Cristal, Adrián](#)

**Publication:** Low-Power and High-Speed Chips (COOL CHIPS XVIII), 2015 IEEE Symposium in

**Place Published:** Yokohama, Japan

**Pagination:** 1-3

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
