

## [On Neural Networks Redundancy and Diversity for Their Use in Safety-Critical Systems](#)

**URL:** <https://ieeexplore.ieee.org/document/10109300/>

**Authors:** [Brando, Axel](#) / [Serra, Isabel](#) / [Mezzetti, Enrico](#) / [Cazorla, Francisco](#) / [Perez-Cerrolaza, Jon](#) / [Abella, Jaume](#)

**Research Lines:** [Deep-Learning and HPC](#)

**Publication:** Computer

**Place Published:** Institute of Electrical and Electronics Engineers (IEEE)

**Volume / Pagination:** 5633 / 41 - 50

**Palabras clave:** [deep learning](#), [redundancy](#), [Neural networks](#), [Safety](#), [Embedded systems](#), [Contingency management](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
