Overview of EPEEC: European joint Effort toward a Highly Productive Programming Environment for Heterogeneous Exascale Computing

URL: https://www.hipeac.net/2021/budapest/#/program/sessions/7838/program/

Authors: Pena, Antonio

Research Lines: High Programming Productivity for Accelerators

Publication: PROHEXA: Programming environments and models for improved productivity for heterogeneous Exascale Computing Systems

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
